REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

In the early part of December, 1887, Sheriff W. H. Kinne of this county was given a practical exhibition of what he considered "unmitigated gall. A few weeks previous to that time one W. Garnett, who had become addicted to the use of liquor as to make himself a nuisance to people about the town, was committed to the care of the sheriff in the hope that a season in the lockup might tend to wean him from his allegience to "John Barleycorn." The sheriff did not consider his charge one requiring much care and on the way to jail put but slight attention to the prisoner. Taking advnatage of the lax watch of Mr. Kinne, Garnett sneaked off while his custodian's attention was attracted in another direction and left for parts unknown. No great loss was felt at the loss of the prisoner and he was not recaptured. Kinne had almost forgotten athe incident when one day a letter was received at the jail asking the Sheriff to forward his mail to LosAngeles. Glad the man had managed to get that far away and hoping that he would remain in the "land of sunny clime" the sheriff promptly complied with the request and forwarded to him the one letter in his keeping.

The threatened epidemic of small pox which created considerable excitement and alarm in this vicinity during the latter part of the year 1887, was the cause of a rather acrimonious little row between local physicians and members of the profession from San Francisco just before the close of the year. Minnie Collins, a young niece of Mr. and Mrs. P. McCarthy, at whose home she was at the time, was taken ill and after a few days developed a distinct rash over her body. Dr. J. L. Ross was called to attend the sick girl, and after an examniation diagnosed the case as an atack of mild small pox and after consulting with two other local physicians who agreed with him, ordered the house in quarantine and placed a yellow flag to warn passers. This action of the physician annoyed the family, who took exception to his diagnosis and called in Dr. Windele of San Francisco. The city doctor at once contradicted his country brethren and declared that the case gave no indication of being the dread disease. Convinced that he was correct in his diagnosis, Dr. Ross stood his ground and refused to allow the yellow flag to be removed, at the same time putting the danger to the town up to the trustees. These officials soon demonstrated their faith in Dr. Ross and their determination to brook no outside interference. That evening a special meeting of the trustees was called and Dr. Ross was officially named by ordinance as the health officer of the municipality and vested him with all the authority allowed by State law.

Here is the way local improvements were sometimes mentioned in the local papers of 25 years ago:

"Robert Brown, of the firm of Tannahill & Brown, carpenters, is building a neat story-and-a-half cottage on Maple street adjoining the Methodist church. The house is of Eastlake style and will contain six rooms—three on each floor. On the first floor the parlor and dining room will be separated by folding doors. Altogether the place will be made attractive and will be an ornament to that part of town.

"The Frank Brothers are adding more vats to their tannery and otherwise increasing their facilities. Among the recent new features of their establishment is the tanning of walrus hides procured from the northern seas by vessels sent out by the firm for that purpose.

A council of the Young Mens Institute was organized in Redwood City on the evening of February 5th, 1888. The meeting was held in Germania hall and was attended by a number of the grand officers of the order who conducted the ceremonies of institution, starting the organization with a charter list of twenty members. Followign were installed as the first officers of the new council: E. F. Fitzpatrick, president; A. D. Walsh, first vice president; M. Reynolds, second vice president; Geo. Lucas, recording secretary; Daniel Stafford, financial secretary; Wm. J. Fitzpatrick, corresponding secretary; Rev. D. O'Sullivan, treasurer; E. Cullen, marshal. The next day after its institution the council was representd by almost its entire membership at the consecration of the new Catholic church at Menlo Park.

De Soto's orchestra will give another of its enjoyable dances at the Alhambra on Saturday evening, the 16th instant. The party that was to be given November 30th was called off on account of the masquerade. De Soto's orchestra is quite popular with the dancing element and there is a demand that it continue its fortnightly events at the Alhambra. The coming party will be an allnight affair.

PALATIAL TRAIN SERVICE FROM COAST TO NEW ORLEANS

In accordance with announcement made some weeks ago, the Southern Pacific Company, on Tuesday of last week, re-inaugurated its famous "Sunset Limited" service between San Francisco, Los Angeles and New Orleans, giving the State of California one more splendid train de luxe to connect it with the East. The "Sunset Limited," which represents the very highest type of latter day railroad construction, will leave San Francisco every Tuesday and Friday, arriving at the southern metropolis the following Friday or Monday, as the case may be. Coming westward the train will leave New Orleans every Monday and Thursday, arriving in San Francisco on Thursdays and Sundays. The running time between the two cities is shortened twenty-four hours, or one full day.

Every luxury which the human brain could devise for the comfort, enjoyment and safety of transcontinental railway psasengers has been employed in the construction, equipment and proposed operation of the "Sunset Limited." For the busy man there are stenographers, valets, barbers, telephones, special mail boxes, daily stock reports and the like; for the ladies there are maids, manicures, hair-dressers, electric fans, writing rooms and an elaborate array of current magazines, popular fiction, etc; while for everyone there are the diners, the observation cars, the shower baths, electric lights, buffet and a hundred other large and small conveniences. "Sunset Limited" is a train de lux in every particular.

A trip to New York City via "Sunset Limited" offers many delights. Whirling across the continent for three days the traveler lands in New Orleans, "The Carnival Capital of America," and one of the most interesting and captivating cities in the world. After spending as many days as the traveler pleases in the CreoleCity, he (or she) may board one of the Southern Pacific liners which ply across the Gulf of Mexico and up the Atlantic Coast to New York. In this way a delightful break in the otherwise tedious coast-to-coast trip is accomplished. First-class tickets from San Francisco to New York are good on the Southern Pacific vessels.

"Thousands of dollars have been expended by the railroad company in an effort to make the "Sunset Limited" a peerless conveyance for the discriminating transcontinental traveler. The all-steel Pullman cars which compose the train have been especially constructed for this new service, and all elaborations have been made with the idea of insuring the comfort of "Sunset Limited" patrons.

RANCH FOREMAN SHOT BY INCENSED CHINESE COOK.

George Morrison, foreman for the Ansel M. Easton ranch near San Mateo was shot and seriously wounded Sunday by Ah Lee, the Chinese cook at the ranch. No one witnessed the shooting. The cook, when arrested, had a revolver concealed in his sleeve. The injured man was hurried to the Red Cross Hospital, where a surgical operation was performed by Drs. N. B. Morrison and W. C. Chidester. The bullet entered the abdomen.

Morrison made a statement to Justice of the Peace J. A. McCormick and Constable Michael Sheehan, in which he stated that while eating breakfast he ordered the Chinese to bring his coffee, and had some words with him over the matter. In the war of words the cook struck him with a frying pan. Morrison went toward the kitchen into which the cook had retreated, and as he opened the door the shot was fired. Ah Lee was taken to the county jail here and is held awaiting the result of Morrison's injuries.

More Quail for Hunters.

Six thousand dozen of quail are to be purchased from Mexico at a cost of $15,000 by the State Fish and Game Commission, and are to be placed in the Folsom State farm and propagated for distribution throughout the state. The order for the purchase has already been given. When placed in the Folsom farm they will be cared for by convicts and as they reach the proper age will be liberated in different sections with bands of native quail.

CHRISTMAS FESTIVAL BY ACADEMY PUPILS

Notre Dame Classes to Present an Attractive Holiday Entertainment

The Christmas tree and children's festival to be given next Tuesday evening at the Alhambra promises to be an enjoyable affair and something new in the line of entertainment given recently in this city. The ladies in charge of the committee work are Mrs. J. N. Winter, Mrs. C. Agrotti, Mrs. Geo. Stafford and Mrs. M. Gilbert, and that their efforts will be liberally rewarded is already evinced by the growing excitement among our coming citizens and suffragettes.

Preparations have been made to make every child in the district happy on this evening, and liberal allowance in the providing of presents and other "goodies", assures a full measure to every child who attends. Both tickets and presents are numbered, so favoritism of any kind will be avoided. These tickets are for sale at the stores of P. A. Ryan and A. D. Walsh.

Following is the program by the pupils of Notre Dame academy, to be interspersed with numbers by well-known local talent:

A Vision of Santa Claus and The Babe of Bethlehem.....Song by Frank McAuliffe

After the program there will be a dance.

HIGH-SCHOOL OPERETTA PRETTY ENTERTAINMENT

Last Friday night that much-heard-of opera, "The Japanese Girl," given by the music section of the high school was presented at the Alhambra to an appreciative audience. All that had been said of the daintiness and prettiness was justified. The operetta, which was composed entirely of girls, proceeded without a hitch and the large audience was more than pleased with the singing, costumes, and the dancing. Especial mention might be made of the drills near the close, which were particularly pleasing and well executed, and the girls with their instructor, should certainly feel highly gratified with their efforts. Mr. Carrington was also very successful in his choice of the orchestra and more than one remarked how well they liked the accompaniment. Mr. Carrington and the school wish to thank the public for their generous patronage in helping make this operetta a success.

Answers a Conundrum.

Question—What is a Building and Loan Association?

Answer—"A private corporation designed for the accumulation by its members of their money in periodical payments into its treasury, to be invested from time to time in loans to its members upon real estate for home purposes, the borrowing members paying interest, all of which payments, together with the non-borrowers payments, go into the common fund, after paying expenses, is applied to cancel the borrower's debt, and gives the non-borrower the amount of his stock in cash."

Charles N. Thompson,—Treastise on Building Associations, 1892.

The show windows of Hull Bros., the enterprising hardware firm, are the neatest in town and would do credit to a large city. The display of cutglass, carving sets and general cutlery is metropolitan in design and quality and should be an incentive to local people to buy at home.

THE TELEPHONE AT CHRISTMAS

THERE is no need for you to be worn out by holiday preparations if you make good use of your telephone.

The Bell telephone Companies have found that just before Christmas the number of daily connections is the highest for the year. The telephone has become a necessity of the holiday season, because without it most people would not have time to do what they have planned.

Christmas cheer extends beyond the city limits, ond the Universal Bell System helps to carry it throughout the land.

Good Mineral Prospect.

The following article appears in the Tonopah Miner concerning the Barcelona mine now being promoted by W. G. Lovie of this city. Mr. Lovie says while the property has some high grade ore which will help pay the cost of development the best assets of the mine are the large bodies og good milling ore.

Tonopah is now producing nearly a million dollars a month from six stamp mills on ores ranging from $12 to $22 a ton.

The old Barcelona mine in the Spanish Belt mining district, 8 miles north east of Manhattan, is to be re-opened, developed and operated by a company of California people, who have become interested in the property through W. G. Lovie, a mining engineer of Yerington. The Barcelona Mines Co. has been formed, and to this company Victor Brandt has deeded sixv unpatented claims adjoining the two patented claims comprising the old Barcelona mine, and the company has a two years' option on these, which are the property of Eugene Locke.

The old Barcelona mine was discovered early in the 80's and from shallow workings produced over $300,000 from ore worth from $100 to $600 a ton in silver and gold. It was closed in 1888, the greater tonnage of ore being too low grade for treatment at that time. The vein is from 25 to 50 feet wide and occurs in a contact of granite porphyry and silurian limestone, and was developed by a crosscut utnnel 1200 feet long, which cut the vein at a depth of 300 feet, but drifting on the ore will eventually give a depth of 700 feet. Most of these old workings are caved, but samples taken from the dumps by E. L. Fletcher, late assayer to the Tonopah Mining Company, showed that the dump ore averaged $15, greatly resembling Tonopah ore, and tests made proved that by the Tonopah process a higher percentage of values could be extracted than is now made in the mills of this camp. The company will re-open the old workings, and as there is a good supply of water will erect amill, operated by electric power, which can be extended to the camp from Manhattan.

Those who are interested in the sale of the property and will also be stockholders in the new corporation are Victor Brandt, W. B. Hossmer, Max E. Bernheimer, P. J. Mullen, Joseph T. Williams. E. L. Fletcher, the B. & B. Syndicate, the Redhead Syndicate and Eugene Locke.

Croop, Bertha Durham, Emma B. Martin, Rose Baker, Helen M. Powell, Evelin K. Curran, Minnie Becker, Marion Daley. Lillian Cross, Mary V. Gardener, Adelina White, Clara Dongel, Blanche Clark, Hugh W. Rose, Irene McLeod. The board will meet today to prepare questions for the teacher's examination to take place next week

New Postmaster for San Bruno.

Alfred A. Green has been appointed postmaster of San Bruno by the department at Washington. He received his bond and oath of office yesterday and will take charge of the office right after the first ofthe year. Mr. Green has been active in politics of the First township for some years and at the last campaign made a strong canvass for Congressman—E. A. Hayes, who was instrumental in securing the office for him. The appointment is a popular one and Mr. Green will make a courteous and painstaking official.

Fraternal Aid Officers

The Fraternal Aid Association on Thursday evening elected the following officers to serve for the ensuing six months: President, Chas. T. Cook; vice president, Selma Locker; past president, Emma Winter; secretary, Martha George; treasurer, Hazel Winter; physician, Dr. Taggart; guide Mary Winter; chaplain, Marie Lipp; observer, E. O. Rhodes; sentinel, George McNulty; musician, Dollie Jamieson; correspondent, Pearl George; trustee, Chas. H. Locker.

The Palo Alto Furniture Co. wishes to announce that they have a number of articles suitable for Xmas gifts now on sale. Ladies desks in birdseye maple, telephoner standse and stools, music cabinets, smoking stands with ash trays, magazine sacks and and other things too numerous to mention.

The San Jose-Sequoia Debate.

For the third time in two years Sequioa and San Jose high schools have met in debate. Last Saturday evening the question discussed was "Resolved that judges should be exempt from the recall," each school supporting both sides, and a debate being held in each town. At the debate held here Irene Dickey and Ray Griffin of Sequoia upheld the affirmative against Helen Harker and Peter Lindsay of San Jose. The judges' decision was in favor of the negative by the close score of 87.76 to 87.44, the winning side to take ten points. The judges were Rev. Warner of Palo Alto, Prof. Bassett of Stanford and Superintendent Cloud of Redwood City. At San Jose we were represented by Roy Woodhams and Stephen Tichenor. The San Jose debaters were Marie Goff and Bessie McCaustland. The judges were Herbert Jones and Judge Richards of San Jose and Prof. Ira Gass of Stanford. At the end of the contest we were signally defeated by a score of 89.63 to 82.93. Although this makes our third defeat at the hands of San Jose there is no reason to be discouraged. In our first debate with them we were successful there and were beaten here, the total score being in their favor. Then we were beaten last spring at both places, and this fall again suffered defeat. But there is no doubt that we are learning to debate, and that afterall is the important matter. We are able to give them a sharp fight when they have the advantage of regular instruction in the subject, and a choice of debators from more than 100 students.

LUBECK MAKES STRENUOUS DENIAL THAT HE IS DEAD.

Sunday the remains of a man supposed to be Rudolph Lubeck were found at Colma. The coroner took charge of the body and sent it to San Mateo to await an inquest. The effects of Lubeck were gathered up by the coroner and shipped to San Mateo with the body. Monday the officers were surprised to receive a visit from the supposed dead man accompanied by a demand for his property. He did not know who the deceased was and didn't care so long as it was not he. The body is still unidentified. It is thought to be a case of suicide.

Tickets are selling rapidly for the old-time entertainment and dance to be given by Gen. Geo. S. Evans Relief Corps. An interesting program of vocal and instrumental music has been arranged which will be published next week.

COUNCIL APPROVES PRIVATE CONTRACT

Official Sanction Given to Plan for System of Voluntary Street Improvement

After a week of investigation and consideration the city council has given the encouragement of its official approval of the plan of street improvement by private contract, even where the work proposed to be done is in comparatively small sections. This action was taken at the adjourned meeting of the council last Monday evening, which was attended by T rustees Beeger, Merrill and Sampson.

As the meeting was held primarily for the purpose of conferring with the board of delegates of the fire department in the selection of its officers for the coming year, that business was given first consideration. As representatives of the firemen the following delegates were in attendance at the conference: Hose Company No. 1—J. F. Dwyer and A. S. Liguori; Hose Company No. 2—A. Stalter and F. P. Kearse; Hose Company No. 3—J. Allain, and Wm. Lutje; Hook and Ladder—W. A. Price Jr., and J. P. Crown; Chemical—Ed, Allen and George N. Winter Jr. Chairman Merrill presided at the conference and at his invitation Fire Chief Winter occupied a seat at the council table. There was no contest over the selection of the department officers, all of the firemen evincing confidence in the department officials, who were reelected by unanimous vote, as follows: Joseph N. Winter, chief; Jas. P. Coleman, first assistant; James J. McGlynn second assistant. Later in the evening the selections of conference were given official approval of the council.

Before closing the conference Mayor Merrill took occasion to extend to the members of the fire department the thanks of the city officials for their prompt and efficient service during the past year and to compliment the men on the splendid service rendered, mentioning especially the effective work done at a recent fire in the very early hours of the morning. At the same time he assured the members of the department of the desire of the trustees to render every possible assistance in supplying the needs of the department and their regret that a lack of funds had prevented the securing of appliances which all conceded were necessary to efficient work.Thanking the mayor for his expressions of good will, Chief Winter informed the council that he expected to make a number of recommendations in his annual report which would be submitted at the next meeting of the council.

This closed the business of the joint conference and the council devoted some little time to the consideration of general city business.

Manager E. W. Florence in a communication notified the council that after the first of next year the business of the local lighting system would be transacted under the rame of the Pacific Gas & Electric Co. instead of the United Gas & Electric Co.

The request of property owners for permission to macadamize Hamilton street between East Bradford and East Fuller, which failed of consideration at the previous meeting because of informality in its presentation, was renewed by the presentation of a petition signed by owners of the entire frontage of the block, thus putting the question of improvement of streets by privvate contract squarely up to the trustees, and there seemed to be no hesitancy in meeting the issue. During the week Chairman Merrill had given the question investigation and announced his approval of the proposal. He had found that in other municipalities the plan of allowing work to be done in this manner had been productive of good results andbelieved the plan would work well here. He believed that as it was the desire of those interested to escape the annoyance of another winter of mud and water they should not be hampered by objections from the authorities. While this was perhaps not the best season of the year for work of this character, thefe were many arguments to be presented against delay, and every movement which promises to increase the chances of employment for the laborer at this time should be encouraged. Trustee Beeger expressed similar opinions and added that during the week he had conferred with some of the signers of the petition and was convinced that the desire for the immediate commencement of the work was unanimous and earnest. While Trustee Sampson coincided with the views of his colleagues, he expressed a reluctance to act on the petition in the absence of Trustee Hynding, chairman of athe committee on streets.

C. C. Benson and A. Hess, both interested property owners, urged that there should be no delay, arguing that to put off action for another week would increase the danger of interference with the work by wet weather. Mr. Hess, who has the contract for the work assured the trustees that he would see that portions of the street were oiled after the winter season if other portions were to be treated in the same manner. Acting upon this assurance, a motion by Trustee Beeger that permission for the improvement of the street under the specifications presneted be granted upon the filing with Clerk Plump by Mr. Hess for a written agreement to oil the street in the future as indicated by him, was carried by a unanimous vote.

Contractor A. Hess was allowed claims aggregating $823 on account of work on the storm water outlet on the County road.

Chairman Merrill presented a number of designs for lighting fixtures for the new city hall which had been submitted to him by San Fracisco firms. As no estimates of cost accompanied the designs no action was taken.

PROSPEROUS SHOWING OF HOME FINANCIAL CONCERN.

The special attention of our readers is called to the statement of the financial condition of the First National Bank of this city and its affiliated corporation, the San Mateo County Savings Bank, which appear in the adveritsing columns. That the people of the county have the utmost confidence in both these banking institutions is shown by the very material increase in the amount of deposits made. No better guarantee can be found of financial responsibility than that of these affiliated banks, whose combined assets now total very nearly one and three quarter million dollars. To a very large extent this splendid showing must be ascribed to the policy shown in the management of the affairs of the bank, which while liberal in treatment of its patrons and ready to encourage ligitimate local enterprise has adheared strictly to lines of legitimate business which experience has demonstrated to be necessary to the success of such institutions.

With the enlargement of its building and the remodeling of its banking room which has been completed during the last year, the First National Bank now has one of the most modern and complete banking houses to be found in any interior city of the State. With elegant fittings, every facility known to modern banking business has been provided for the convenience of its patrons. With this improvement has been included a thoroughly up-to-date safe deposit department, equipped with individual steel safes designed for the safe keeping of valuables and private papers, so designed as to provide the utmost privacy to patrons of this department.

GIRL WHO DISAPPEARED TELLS PECULIAR STORY.

Anit Aragon, the thirteen-year old schoolgirl who disappeared last Tuesday, returned to her home shortly after midnight Thursday.

Her story is to the effect that a commercial drummer, giving the name of S. D. Bermingham, whom she met several weeks ago in front o. the Redwood grammar school, asked her if she knew any girl that desired to get a position as a servant.

He engaged her then and there and gave her $3 in advance, part of which she used to purchase a ticket for San Jose, the home of her employer. She learned that the Berminghams contemplated leaving for Los Angeles this week. She informed Bermingham that she did not want to go to Los Angeles,, but desired to leave for home. He saw to it that she had sufficient funds to get a ticket to Redwood City. Her story is not believed by the officers who are investigating the case.

Her father is a carpenter and has been employed on the new city hall. The family recently arrived from Arizona. There are eight children in the family.

PROMINENT MINING MAN RETURNING TO NICARAGUA.

Fred Nobs and wife arrived home from London, England during the week. They had a delightful time on the continent, visiting Paris, London and other cities. Mr. Nobs was called to London by the Berwick-Moring Mining Company for whom he had been employed since graduating from Stanford some time ago. He recently resigned his position with the company at their mines in Nicaragua owing to the severe climate at that place. On his arrival here he was cabled for to come to England, the home office of the company. Mr. Nobs has been offered some flattering inducements to reurtn to Nicaragua and he has accepted the terms and will sail for the south after the first of the year. He will be accompanied by his wife and child. They intend to live for some years in the southern republic.

On Aug. 3d, 1911 a judgment was rendered in favor of the plaintiff, the Union Trust Company.

New Building Contracts

The following builder's contracts were filed in the county recorder's office during the week:

The Locke Foundation Co. agrees to put up 26 six flights of steps with balustrade for the Crocker Estate Company at the Crocker home in Hillsborough in 60 days. The price of the contract is 48 cents per linear foot for the steps and 60 cents per linear foot for the balustrade.

The Peninsula Construction Company agrees to make certain alterations and additions to the Tobin home at Burlingame for Mary D. Tobin for $1578. The building is a two-story frame structure.

Ready for Probate.

J. J. Read has applied in the Superior Court for letters of administration upon the estate of John Welch, also known as John Walsh, who died in Redwood City on August 20th, 1895. The estate consists of portions a of lotsN o. 2 and 3, block 50, Eastern Addition to Redwood City, valued at $1000.

Helen McCarthy of Millbrae has applied in the Superior Court for letters of administration upon the estate of J. J. McCarthy, who died December 27th, 1908. The estate consists of an undivided one-half interest in lots 25, 26, 27, 28, block 4, Marino Vista Park valued at $1300. The heirs at law are, the petitioner, the widow and Mrs. Mary Fair, a daughter residing in San Francisco, Mrs. Margaret Gaffigan, Millbrae, Mrs. Nellie Patterson, Millbrae and Catherine, Joseph, Geneva, and Pearl McCarthy, all of whom reside with their mother at Millbrae.

New Actions Filed.

Barbara M. Albertoni has brought suit in hte Superior Court against William E. Stuart, administrator of the estate of William A. Stuart, deceased, to quiet title to lot 17, block 43, Bowie Estate, Eastern Addition to San Mateo.

Alice Aalwyn has brought suit in the Superior Court against A. F. Martel, the Market Street Securities Company and other to force Martel to resign as trustee of a certain trust, to clear the title of the property held by the trust. The complaint alleges that defendant is the owner of four bonds of a thousand each of the Market Street Securities Company and the Market Street Bank, and Lyon & Hoag Company, that on March 16th, 1908 a trust was formed and that A. F. Martel was given a mortgage and deed of trust to all the property of the concern. It appears that Martels claims some interest in the property outside of the trust and it is partly to determine his rights in the matter that the suit is brought. The plaintiff represents several of the bondholders of the old concern.

George M. Collopy and his wife Ella W. Collopy have brought suit in the Superior Court against Frank M.T hompson to foreclose a mortgage on personal property in the Collopy building at Colma. They have also commenced a suit in unlawful detainer against Thompson to securee possession of the property. The complaint alleges that the Collopy place was leased on November 1, 1910 to Thompson for a period of five years at a total rental of $9540. The defendant is delinquent in his rent to the amount of $150. The Collopys ask for that sum and damages amounting to $450 for unlawful detention of the property. The place has been conducted as a hospital by Thompson.

PROSPEROUS FUTURE PREDICTED FOR CITY

Mayor Merrill Outlines Plans for Local Development to Board of Trade

A hint of the prosperity in store for Redwood City in the not very distant future was given at the meeting of the Board of Trade last Tuesday evening, giving an outline of the plans for the development of the factory sites located along the water front. That the plans were in the hands of men who are fully alive to the importance of this city as a site for factories and are fully aware of the vast possibilities of its business development was made plain. It was made evident that the men behind the enterprise had the faith of their convictions and were readyto invest liberally of their own capital, asking only a reasonable evidence of the good will of local people.

After recounting the various difficulties and obstacles that had been overcome during the past three years and the final building of the spurtrack down to the marsh, which achievement had brought the city's waterfront within the reach of the people and had added to it exceptional railroad facilities, Mr. Merrill took up the subject of the development of the marshland as a location for manufacturing sites.

There are in the entire tract adjacent to this city and on the south side of the Redwood creek 2200 acres which are owned by the Stauffers and their associates. This land is divided into three tracts—Nos. 1, 2, ad 3. No. 1 comprises 500 acres and presents a water front of three miles on Redwood Creek and Deep-water slough, which streams vary in width from 400 to 1000 feet and are of sufficient depth to accommodate sea-going vessels. The plan is to organize a corporation of 125,000 shares at one dollar per share, to which corporation the Stauffers will hand over tract No. 1 of 500 acres, giving also a perpetual right of way 100 feet wide through tract 3, on which are located the salt beds, which will lead directly to Chestnut street. Of the capital stock the Stauffers will retain 62,500 shares, while 47,500 shares will be sold at par to a number of wealthy San Francisco gentlemen such as E. K. Wood of the E. K. Wood Lumber Company. George Rolph a brother of the mayor-elect of San Francisco, who is a large shipper, W. J. Hotchkiss who has large interests throughout the state, and other men equally prominent in the financial world. It is desired that the people of Redwood City subscribe for 7500 shares. This is desired by the principal owners to encourage a friendly spirit on the part of the community. Mr. Merrill has personally acquired a like amount.

As soon as the corporation is formed the work of extending the track will be resumed. The first businessman who has signified his intention to locate on the tract is E. J. Fowler of this city, the proprietor of the well-known Pacific Foundry of San Francisco. Mr. Fowler will require from 10 to 15 acres. It is understood that Messrs. Wood, Rolph and Hotchkiss also have plans for establishing industries on the tract and others are close in line.

As fast as sales are made the money will be paid into the corportion and will go toward making the necessary improvements. When those are paid for the proceeds of future sales will constitute a profit for the stock holders.

In the building up of the proposed manufacturing district it is destinctly understood that there are to be no hotels, saloons or stores. The employes will make their homes and do their buying in Redwood City. Transportation to and from work will be provided employes on the spurtrack or by the roadway on Chestnut street.

After his talk to the board members Mr. Merrill spent an hour in answering questions and making his plans clear to the meeting. Many of those present spoke favorably on the project and it was given a unanimous vote of approval and the matter was referred to the directors of the Redwood City Holding Company, a local corporation organized for handling such matters.

INDUSTRIAL EXHIBIT BY LOCAL SCHOOLS

PUPILS WILL SHOW WHAT HAS BEEN ACCOMPLISHED IN THE MANUAL TRAINING CLASSES.

There Will Be Interesting Displays of Wood-Work, Weaving, Sewing, Clay-Modeling and Drawing.

The grammar school's first semi-annual industrial exhibit will be given in the assembly hall next Thursday afternoon, the 21st instant, commencing at 2:15. Miss Truman's class in sewing will show what has been accomplished in four and one-half months of instruction, their work including all grades from an artistic patch on a kitchen apron to a Christmas gift for mother.

The boys of the sixth, seventh and eighth grades will demonstrate how much they have profited in eight weeks' instruction in manual training. Their exhibit will consist of numerous articles from kites that will fly and waterwheels that will go to wireless apparatus guaranteed to intercept messages far out at sea.

The fourth and fifth grades will present a two-story six-room doll house completely decorated and furnished, everything even to the wallpaper, being made by the pupils. The house and furniture are cut from heavy cardboard by the boys with their sloyd knives.

There will be a display of raffia and reed baskets and mats made by the girls, and some of the boys of the fourth, fifth and sixth grades.

Miss Roche of the eighth grade, Miss Caldwell of the seventh, and the teachers of the succeeding grades, and Miss Kelting of the third grade, will have complete exhibitions of examination papers, language papers and maps. The exhibition of the primary grades will show what the little hands have accomplished in making raffia hats and mats, in paper weaving, paper cutting and decorating with colored chalks, also clay modelings.

The millinery display of doll hats is exceedingly interesting. Many of the articles made by the little folks are Christmas gifts that they planned weeks ago for relatives or friends.

On Friday, the 22d, the children will be given an opportunity to see the exhibit after which they will take home the articles they have made.

In each space allotted to the grades Mr. Carrington will show what the children have accomplished in drawing.

The next school exhibit will be in June 1912 and will give the public an opportunity to judge what the school has accomplished in the intervening six months.

The patrons and friends of the school are cordially invited to attend next Thursday's exhibition.

To Please the Palate

is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.
